

704 SERIES

ECO T-VIS

Product Description

This ink set is designed with state of the art pigments to offer bright, vivid and saturated colours being a plug and play solution for machines equipped with original Roland[®] True-vis[®] inks. These inks are specifically designed to be used on machines equipped with Ricoh Gen5[®] printheads and are reliable with minimum head maintenance. The inks print excellent most untreated media, such as vynil, PVC, glasspack, frontlit, backlit, etc. The inks have been carefully designed to provide fast drying time on the media while having maximum stability on the printhead. They provide vibrant prints with high scuff and scratch resistance and resistance to commonly used chemicals.

We offer one of the best pricing in the industry for our customers to maximize their profits achieving at least the same performance and reliability than with the original inks.

Ink Type: Ecosolvent pigmented inks

Technical specifications

Available Colors

Black

Cyan

Magenta
