

120 SERIES

Product Description

This ink set is designed with state of the art pigment set to offer bright and vivid colors and offers one of the best outdoor life of any other solvent based inks currently available in the marketplace. These inks were specifically designed for **DOD Spectra® 128** printheads and are reliable with minimum head maintenance. The inks print on all currently available solvent based media, as well as on untreated materials such as PVC, canvas, mesh, banner, frontlit, vinyl, blockout. The inks have high scuff and scratch resistance and are designed for long term outdoor signage application.

The inks have been carefully designed to provide fast drying time on the media while having maximum stability on the printhead. These inks are typically used for outdoor signage, banners and trade show graphics.

We offer one of the best pricing in the industry for our customers to maximize their profits achieving at least the same performance and reliability than with the original inks.

Ink Type: Solvent based Pigmented inks
